Where these figures come from. Prices: bella italia official menu (TenKites) (119); third-party: menuspot (2).

Allergens: Bella Italia menu allergen information (TenKites, September 2026) (123). The allergen column counts the regulated allergens the chain declares for that item. The item's own page names them.

* marks a price taken from a dated third-party listing rather than the chain itself. A shared kitchen means cross-contact is always possible, so ask staff in the restaurant if an allergy is severe.
